Life Insurance Policy and Annuity Contract Locator Service

What is the Life Insurance Policy and Annuity Contract Locator Service?

Who may submit a request?

- An executor or legal representative of a deceased individual who may have lived in NH when a policy was issued or annuity was purchased
- Individuals who believe that they are beneficiaries

The New Hampshire Insurance Department has developed a Life Insurance Policy & Annuity Contract Locator Service to assist Granite State residents and their families in locating life policies and annuity contracts that have been purchased in the state.

We have developed this service to assist those who suspect a deceased loved one may have purchased an annuity contract or life insurance policy in NH, but who are unable to locate it.

We understand that during this difficult time, tracking down policies can be a long and difficult process; we want to help.

The New Hampshire Insurance Department and participating

licensed life insurance companies are working together to simplify this process and bridge the gap between insurance companies and those who believe they may be a named beneficiary.

If you believe that your deceased loved one may have had a policy that you are unable to locate, please visit our website www.nh.gov/insurance to fill out a search assistance request form.
